Comptroller Ref
for Comptroller's comment

Title: Legal

19 January 1954

Memorandum for: Deputy Director/Administration

Subject: Proposed Amendments to the Classification Act and Employees Pay Act.

1. There are attached herewith two copies of S. 2665 introduced by Senator Carlson, Chairman of the Senate Post Office & Civil Service Committee. This bill contains several items similar to those which it is believed the President plans to submit in his budget message this week. Copies of this legislation are being studied by Personnel. However, I am calling it to your attention in view of the proposed revisions in the overtime pay structure (see page 10). As these changes, if approved, may mean an increase in CIA obligations for overtime payments, you may wish to ask the Comptroller to come up with some estimate on additional costs, not only for the last quarter of the current Fiscal Year but also for Fiscal Year 1955.

2. Your attention is also called to the amendments to the Government employees' incentive awards program (page 18), and to the provision of granting allowances for uniforms for Federal employees (page 21).
